Seattle Center sits at the core of an increasingly dense urban landscape. As our community grows, new residents are realizing a place for the Center in their hearts and daily habits. They’re discovering its value as a destination for early morning strolls and evening entertainment, extraordinary food and engaging cultural celebrations.

In 2015, visitors will find fresh reasons to experience Seattle Center as KEXP 90.3 FM creates its new home at the Center’s western edge, and an imaginative play area enlivens Next 50 Plaza.

Completion of the Mercer Corridor road improvement project promises to ease traffic congestion and upgrade pedestrian and bike paths to Seattle Center, as Seattle Center Monorail continues to quickly carry passengers from Downtown. Visitors also now have the option to use Pronto Bike Share for quick trips to and from the campus.

So whether you ride, drive or walk, you will find more and better ways to reach the Center in 2015.
Festál, presented by Seattle Center in partnership with community organizations, is a year-long series of FREE events that honors the cultural richness and diversity of the Pacific Northwest.
