

SEATTLE CENTER

STRATEGIC VISION AND 10-YEAR ACTION PLAN

December 2025

Seattle Center is on the move. Events and audiences have rebounded since the pandemic, we've expanded our role to manage the new Waterfront Park, and we are looking ahead to significant developments including a new Memorial Stadium and hosting fan experiences, viewing opportunities, and community-centered programming during the 2026 FIFA World Cup.

But with growth comes challenge. Our beloved campus is showing its age as we grapple with critical repair and infrastructure needs. And both our partner organizations and Seattle Center itself face growing financial challenges that threaten our future.

That's why Seattle Center and Seattle Center Foundation have joined forces to create this Strategic Vision and 10-Year Action Plan. Crafted with input from community leaders, experts, and stakeholders, this plan lays the groundwork for a historic reinvestment of both public and private support for Seattle Center. This vision will strengthen our ability to support campus partners, enhance public spaces, and deepen community connections—all while ensuring Seattle Center's financial stability.

If we act on this plan, it will be the most significant investment in Seattle Center since the 1962 World's Fair.

GOALS: This Plan sets forth three Goals that frame Seattle Center's path to the future. These Goals guide the strategies and the overall Strategic Vision and Action Plan:

THE BIG MOVES: Core to achieving these three Goals is a set of three "Big Moves," each advancing one of the Goals and unlocking a set of Strategies to follow. The Big Moves are intended to quickly leverage resources, organize collaborations and connections, and catalyze the changes necessary for Seattle Center and its partners to have a thriving future:

BIG MOVE #1
Establish a \$100 million fund for Seattle Center

CULTURAL HEART

BIG MOVE #2
Advocate for a comprehensive capital funding proposal for the Seattle Center campus

GATHERING PLACE

BIG MOVE #3
Support Seattle Center's role as a social enterprise organization

FINANCIAL SUSTAINABILITY
